ABOUT:

Motivated and tech-driven B. Tech student at SRM University with a strong foundation in web development and programming. Proficient in building web applications using HTML, CSS, JavaScript, and React, with hands-on experience in programming languages including C, C++, Java, and Python. Passionate about leveraging technology to create impactful solutions. Recognized for a continuous drive to learn, adapt, and grow in fast-evolving technical environments.

EDUCATION

- **S.R.M Institute of Science and Technology** ***2023-2027***
  B. Tech Computer Science Engineering (Computer Networking) CGPA: 9.8
- **T.N.B College** ***2019-2021***
  Central Board of Secondary Education Percentage: 85.5

TECHNICAL SKILLS

- **Languages:** C, Python, Java, JavaScript, HTML, CSS
- **Web & Backend Development:** ReactJS, NodeJS, Rest API, MongoDB
- **Machine Learning:** Pandas, NumPy, Matplotlib, TensorFlow
- **Databases:** MySQL, PostgreSQL
- **Tools:** GitHub

PERSONAL PROJECTS

- **Library Management System**
  Tech Stack: Python
  Developed a CLI-based system to manage book records, user registrations, and borrowing history.
- **Automatic Solar Tracking System** *(IoT Project)*
  Tech Stack: Arduino, LDR Sensors, Servo Motors
  Built a solar tracking system that adjusts panel angles based on sunlight intensity.
- **Home Automation System with Alexa** *(Ongoing IoT Project)*
  Tech Stack: Relay Modules, Alexa Integration
  Developing a home automation system controlled by voice commands through Amazon Alexa.
- **Car Parking Management System**
  Tech Stack: C++
  Created a console application to automate parking space tracking and vehicle management.
- **Space Debris Detection**
  Tech Stack: Python
  Built a model to track space debris, using Python for data analysis and visualization.
- **Social Media Platform**
  Tech Stack: Java
  Developed a basic social media platform with user profiles, posts, and interactions using Java.
- **Course Selling Platform**
  Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB
  Designed a full-stack platform for browsing and purchasing online courses.
- **Amazon Clone**
  Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js
  Recreated Amazon's e-commerce functionality with product listings, cart, and checkout features.
- **Game Website (Rock-Paper-Scissors)**
  Tech Stack*:* HTML, CSS, JavaScript
  Created a simple web-based Rock-Paper-Scissors game with real-time scoring.

OTHERS

Languages known:

- **English (fluent)**
- **Hindi (fluent)**
- **German (Basics)**

Soft Skills:

- **Project Management**
- **Public Relations**
- **Teamwork**
- **Time Management**
- **Leadership**
- **Effective Communication**
- **Critical Thinking**

Positions of Responsibility

– Technical Team Member at NWC Association, SRMIST

– Public Relations Member at SRM Hackathon, SRMIST

CERTIFICATES

– **CERTIFICATE OF MERIT:** Winner of Semi-Conductor and Computational Mechanics Project Expo. on the topic of LPG Gas Detection System Working Model.
– **Certificate of Completion:** Introduction to Iot and Digital Transformation by CISCO
– **Certificate of Achievement:** Winner in Activity of Basic Civil & Mechanical Project
– **Certificate of Virtual Internship** (AIML Virtual Internship)
– **NPTEL ONLINE CERTIFICATION** (Programming in Java)
– **Certificate of Organizing** (Organized Semicolon 10.0 in SRM hackathon Club)
– **Certificate of Participation** (SRM Hackathon 8.0)
– **Certificate of Virtual Internship:** AWS Cloud Virtual Internship
– **Certification of Completion:** The Complete Python Bootcamp

ACHIEVEMENTS

– **SRMJEEE Merit Scholarship** – Awarded for outstanding performance in the SRM Joint Engineering Entrance Examination
– **Performance-Based Scholarship** – Conferred in recognition of consistent academic excellence and outstanding course performance at the university
– **Participated in SRM Hackathon 8.0** and developed an innovative tech solution in a collaborative team environment.
– **Project Leader and Winner**, **Science Exhibition** – Led a team to develop a successful and award-winning technical project.
– **Winner, Basic Civil & Mechanical Project** – Contributed to a high-impact multidisciplinary project through effective teamwork and execution.
